Newsletter

Greetings.

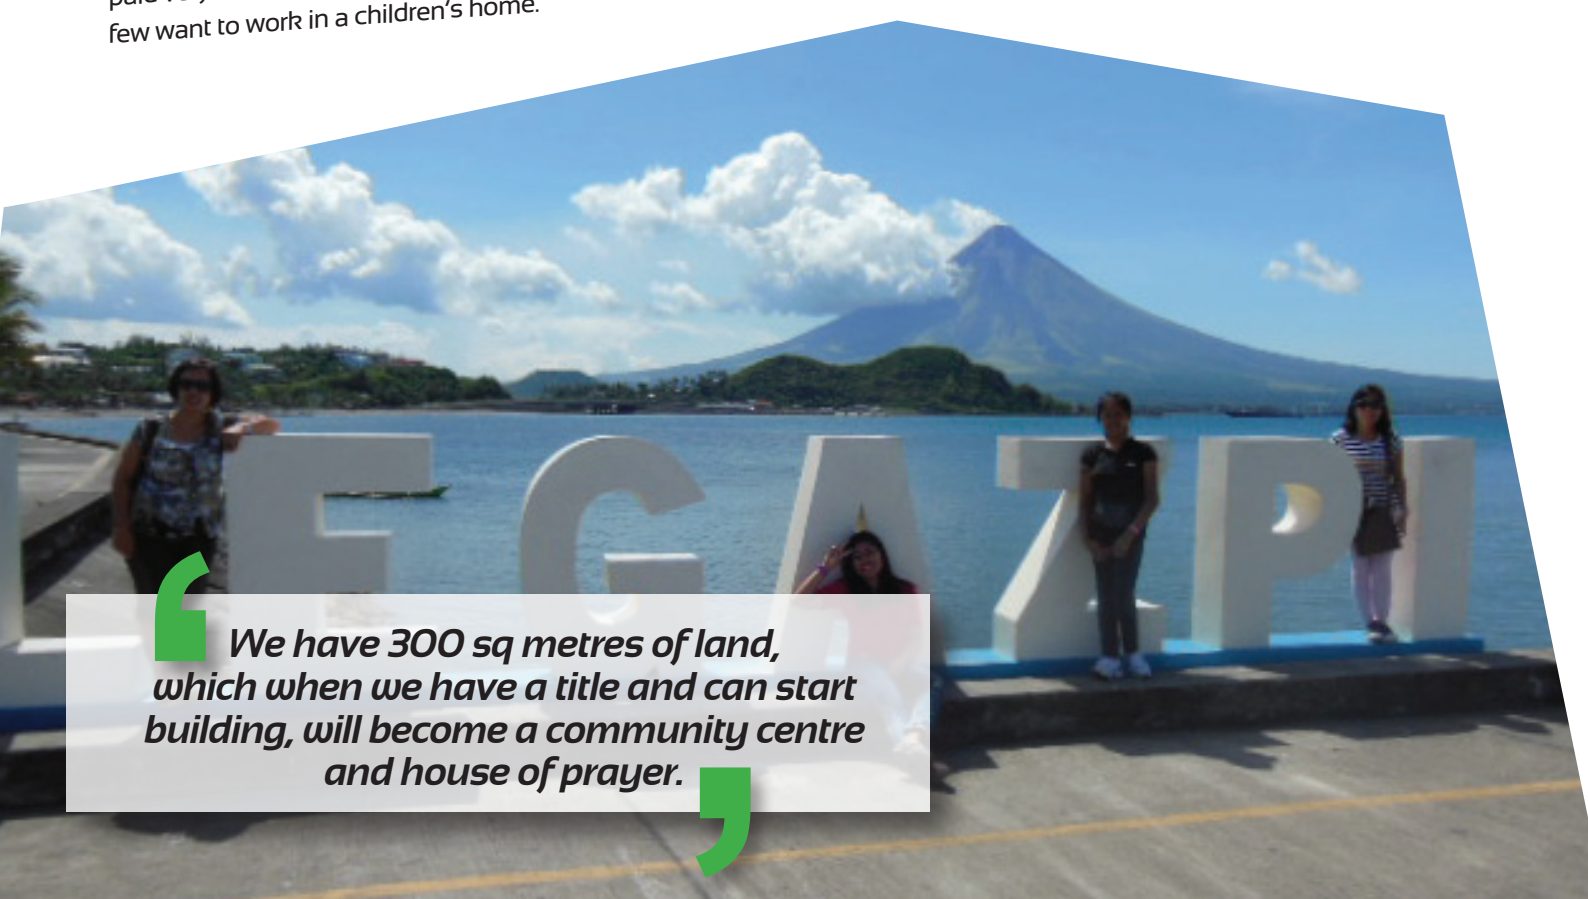

We returned to the Philippines early June in time for the start of the school year. It was good to have a time away in New Zealand and to again catch up with family and friends, including new friends. We are also so grateful for the cars – one in the north and another in the south - which were lent to us, as well as amazing accommodation wherever we went. A big thank you to the wonderful people involved.

We now have 23 children, and as soon as we find a social worker can take in more children. Dept of Social Welfare have told us no more until this happens. Our searching has so far been without success as social workers are paid very well in Government jobs, for very little work and few want to work in a children's home.

The children are well with 14 at elementary school (where John has been elected business manager for the fourth year running) 3 at high school and 1 at university. The rest are too small and spend their days at home.

We have 300 sq metres of land, which when we have a title and can start building, will become a community centre and house of prayer. The location is excellent in the area we have a regular Saturday meeting. It is here also we have seen many miracles of healing and salvations and are believing that great things are going to happen in this impoverished place.

Recently we again returned to a location outside Tacloban with supplies such as seeds, clothing, shoes, toys, food and Bibles.

We have 300 sq metres of land, which when we have a title and can start building, will become a community centre and house of prayer.

Will come back to John
and thank you for the help that
you give us!

Welcome sign near Tacloban

Oasis rock band, admiration!!

It was great to hear accounts of those who have been blessed by our visits and many who have been healed by the Lord.

John, as Philippine director for Derek Prince Ministries, was also able to give teaching material to local churches. We are excited that the first large shipment of Derek Prince books will soon arrive and that the first Tagalog (Philippine language) Self Study Bible Course is in the process of translation with a target of the end of the year for distribution.

Looking to the future, there will be a team from RBC, Christchurch here in November and just before that we will visit Thailand and Myanmar. We have a sister

orphanage in Myanmar which we have been in regular contact with for several years where the children lack citizenship because of their ethnicity. In Thailand we will be with friends who were resident in the children's home we spent time in 20 years ago, who now pastor churches in the north.

Once again we are so thankful for the prayers and support you provide.

Love and Blessings,

John and Nilda
